DISCIPLINE

The purpose of discipline is to raise responsible, confident children who grow up to be persons who think for themselves, who care about others, and who live satisfying and useful lives.

Discipline is helping an individual learn to get along with his or her family and others. It is also teaching a child to behave in an acceptable and agreeable manner. Discipline is helping a child learn to control his or her own behavior so that he or she behaves because he wants to do what is right in a given situation.

Children are individuals and should be treated as such. To discipline effectively, we will take the child's temperament into account.

- FBC ELC's form of discipline is talking to the child about his or her behavior.
- If further action is needed, he or she will be asked to take "time out" from playing.
- When "time out" does not alter his or her behavior, the parent will be asked to discuss the behavior and to help the teachers with behavior modification.
- You will be notified concerning any disciplinary problems on the day that the problem has occurred.
- If there are many disciplinary problems, we will set up an appointment for you to talk with the teacher and/or the Director.
- Bullying WILL NOT be tolerated at any time.
- As a last resort, the child may be asked to leave program.

FOOD

Menus will be sent out via email each week. The Center will furnish all snacks and lunches. Portions served will be appropriate for the age of the child. Children will be allowed additional servings.

Food may be brought to the center for breakfast. **Please, no glass bottles!** All food and drink left over will be discarded immediately after the child has eaten. This food will not be shared with other children.

Prior arrangements must be made with the teacher for special celebrations.

OTHER

Please mark your child's possessions and coats with his or her full name.

Please discourage your child from bringing toys to the Center.

All materials and equipment are furnished by FBC ELC.

First Baptist Church is a tobacco-free facility. Parents and guardians who smoke or use other tobacco products must not use them while in the church facilities or near entryways.

SNOW POLICY

In the event of bad weather (snow, sleet, ice), we will make every attempt to open; however, we may need to follow an alternate schedule, thus allowing our teachers ample time to arrive safely at the Center.

In the event of severe weather, announcements concerning delay or cancellation of classes at FBC Early Learning Center will be made via email, Procure App, on local news (WDBJ7 & WSLS10), and our [Facebook page](#).

HOW PRESCHOOL CAN HELP YOUR CHILD

Preschool provides a supportive environment through which your child can...

- adjust to his or her first separation from home
 - develop a positive attitude toward school
 - develop a positive self-concept
 - learn in the style best suited to his or her age—experimentation, exploration,
 - learn to function as a member of a group as well as an individual
 - learn those concepts which must precede formal instruction
- Children learn through directed and planned play, including...

- **Puzzles:** playing with puzzles helps to improve observation, spatial perception, and develop fine motor skills
- **Matching Games:** Matching games improve sensory discrimination and lengthen their attention span
- **Large Block Play:** Block building is helpful in improving

physical coordination, in learning mathematical relationships, in gaining concepts of space, and in providing the opportunity to develop pattern and design concept

- **Small Block Play:** Small block play helps to develop color and number concepts, encourage creativity, and improves eye-hand coordination
- **Dramatic Play:** Dramatic play encourages cooperativeness in group activities, encourages expression of ideas and feelings, improves verbal skills, and helps a child to enjoy play
- **Role Play:** Children experiment with adult roles. Through role play, the child "tries on" the feel of being an adult. The steps of role play include observing adult behavior, imitating adult behavior, and beginning to understand the various roles in the adult world
- **Free Play:** Free play encourages small group play among friends, helps to develop a child's leadership ability, organization, initiative, curiosity, and independence, and provides the opportunity for him to make choices and assume the responsibility for them.
